

Team 3176 White Paper

Title: FIELD ELEMENTS	Author(s): Joshua Reid
Sub-team/Function: mechanical; disassembly and re assembly of field elements.	Subject: Team 3176
Date: 3/1/18	White Paper Number:

Main Text

When I was working on the field elements, I learned how to use a miter saw. I also used cool tools like a drill press. I personally enjoyed this because I love working with wood and I want to be a carpenter when I grow up so this was very beneficial to me.
